LSE ST445 Managing and Visualising Data

Accept the assignment —
2020MT-ST445-HW1

Once you accept this assignment, you will be granted access to the `2020mt-st445-hw1-callmespring` repository in the [lse-st445](#) organization on GitHub.

Accept this assignment

Step 2: Then GitHub will automatically generate a repo for you. Importing the starter code might take a while. But sometimes the repo has already been created on GitHub even if it is still “importing” starter code. You can have a check on GitHub (Given in the following steps). After it is done, you will see the following window.

GitHub Classroom

GitHub Education

You're ready to go!

You accepted the assignment, **2020MT-ST445-HW1**.

Your assignment repository has been created:

 <https://github.com/lse-st445/2020mt-st445-hw1-callmespring>

 Your assignment is due by **Oct 7, 2020, 23:00 BST**

Note: You may receive an email invitation to join [lse-st445](#) on your behalf. No further action is necessary.

Join the GitHub Student Developer Pack

Verified students receive free GitHub Pro plus thousands of dollars worth of the best real-world tools and training from GitHub Education partners — for free. [Learn more](#)

Apply

Step 3: Go to you GitHub page, click the LSE organization. You will see a repo with `2020mt-st445-hw1-yourname`. That's the repo you will work on. Click that repo.

Step 6: It looks as follows. Q1-3 Should have been finished during the class. Type in 'Done' in the cells below them (make them as Markdown cells). For Q4, paste your code into the cell below Q4. For Q5, it is optional. If you have made a personal page, just paste the link of your personal page there and save it as a markdown cell.
